

Subsidy Programs That Help You Update Your Apartment Building

Keeping your property up-to-date and efficient can be very costly. But there are programs out there to help you pay for these projects!

Andy Johnston from RISE, one of the companies who manage some of these programs designed by the New York State Power Commission will be coming to educate landlords on what programs are available to them with special emphasis on the AMEEP low-income multi-family program.

- Boilers
- Furnaces
- LED Lighting
- Windows
- Insulation
- Air-Sealing
- Thermostats
- Showerheads
- Aerators
- Hot Water Pipe Wrap
- Motion Sensors
- More
